## [Resources](#) [1]

Teachers, did you make your own unit or activity or lesson plan for this field trip? If so please email it to us and we will add it to this section.

## Self Assessments

Your students can complete the online [pre-test](#) [2] and [post-test](#) [3] student self-assessment forms for this field trip. Once completed you can email [barrie.matthews@core-ed.org](mailto:barrie.matthews@core-ed.org) [4] to have your class submissions extracted and emailed to you. It's OK if just some of your students have filled them in or if they have submitted either self assessment rather than both.

## Contributions

- **Generic Planning Sequence** for a LEARNZ virtual field trip - [Word](#) [5] (610k) | [PDF](#) [6] (233k) | [Google doc](#) [7].
- **EPIC**: Through [EPIC](#) [8] The Ministry of Education has paid a subscription on behalf of all registered New Zealand schools to access a range of quality, educational e-resources. For information about how to register with EPIC go to <http://www.epic.org.nz/> [8]. More information is at <https://www.tki.org.nz/epic2> [9]. If you are unsure if your school is registered ask your librarian or principal.
- **Video question sheet** - [Word](#) [10] (31k) | [PDF](#) [11] (217k) | [Google doc](#) [12] to use for each video (based on SOLO Taxonomy).
- **Web conference activity**: Students can work on this activity while they listen to live or recorded web conferences - [Word](#) [13] (25k) | [PDF](#) [14] (167k) | [Google Doc](#) [15]. Notes from these pages could be shared to help put together the class web conference summary
- Do a class web conference summary. Making a class summary of a web conference is a great way of reviewing the information your students heard. It's easy to do, purely as some text, or as main facts on a picture background. Feel free to use the **webconference summary sheet** - [Word](#) [16] (29k) | [PDF](#) [17] (114k) | [Google doc](#) [18]. We'd love to share your ideas so please send your class summary to [shelley.hersey@core-ed.org](mailto:shelley.hersey@core-ed.org) [19].
- Remember you can listen to the web conferences again from the conference recordings if you want to gather more information.
- Teachers, did you make your own unit or activity or lesson plan for this field trip? If so please email it to us and we will add it to this section.

## Answers to Print and Copy Activities

- The Language of Location - [Word](#) [20] (282k) | [PDF](#) [21] (241k) | [Google doc](#) [22]

## Resources

Published on LEARNZ (<http://www.learnz.org.nz>)

---

- Using Google Maps - [Word](#) [23] (1.4Mb) | [PDF](#) [24] (350k) | [Google doc](#) [25]
- Surveying Maths Problem - [PDF](#) [26] (500k)

## Downloads

- Learn about GPS or Global Navigation Satellite Systems (GNSS) in the LINZ Survey toolbox module - [PDF](#) [27] (511k).

## NCEA Resources

- Complete the [Flood Hazard Activity](#) [28] using ArcGIS online.
- Check out this [NCEA Internal Assessment Resource](#) [29] for Geography Level 1 'Applying Spatial Analysis, with direction, to solve a geographic problem using ArcGIS Online'
