

[People and Water Newsletter 4 \[1\]](#)

People and Water Newsletter 4 - For Teachers

Tēnā koutou, it's Shelley here.

This is the fourth newsletter for the LEARNZ *People and Water* virtual field trip. Read [previous newsletters](#) [2].

Things to do from this newsletter:

- complete the field trip [evaluation](#) [3]
- send shelley.hersey@core-ed.org [4] your field trip work to share with others on the website

1. Thank you

- Thank you for your participation in the *People and Water* field trip to Wellington. What a fascinating week we had!
- Thanks to our [experts](#) [5] associated with the field trip, especially Samantha McCluskey from [Wellington Water](#) [6], who helped organise the trip.
- The time and effort that has been put into the field trip by everyone involved has been very much appreciated.

2. Evaluation form

- Please complete the evaluation form now on your [MyLEARNZ](#) [7] control panel - [More info](#) [8].
- Why?
 - We need your input to make sure we provide the highest quality LEOTC experiences.
 - Our sponsors need to know what you think of LEARNZ so they keep paying the bills (i.e. we want to keep LEARNZ freely available) and
 - You have a chance to win the field trip [evaluation prize](#) [3] which is a \$200 book voucher, kindly donated by [Wellington Water](#) [6]. Submit your evaluation by **Friday 23 June 2017**.
- Forgotten your password? [Recover it now](#) [9].

3. Pre-test and post-test self-assessment

• The [pre-test](#) [10] was an opportunity to find out more about what your students knew before the *People and Water* field trip.

• The [post-test](#) [11] can help show what your students have learned from participating in the field trip. If your students did not complete the pre-test prior to the field trip they still can complete the

[post-test](#) [11]. Email help@learnz.org.nz [12] to request your class results.

4. Field trip contributions

- Let me know how you used the trip with your class so I can encourage other teachers. Send your ideas to me shelley.hersey@core-ed.org [4], e.g. web conference summaries, photos of artwork, Blog links etc. and I will publish it for your class and others to view.

5. Keep using the field trip

- The [People and Water](#) [13] website has all the field trip material recorded for you and your class to use. Remember to continue to access the [activities](#) [14]. Be sure to take a look at the [videos](#) [15] and the many still images in the [photo gallery](#) [16]. Also get a better idea of the field trip surroundings by looking at the panoramas included in the [diaries](#) [17].
- **The LEARNZ web conferences** are available for replay at any time on the [web conference](#) [18] page. These recordings include the supporting visuals, text and audio from the formal web conference as well as the spontaneous questions and answers from the open session.
- Watch the [videos](#) [15] and follow the video questions link to encourage further inquiry.
- Read or listen to the [background reading pages](#) [19] and field trip material to help focus your class inquiry.

Ka kite anō,

Shelley
