

Field Trip

Published on LEARNZ (<https://www.learnz.org.nz>)

[Field Trip](#) [1]

The [Prepare Students](#) [2] section will get your class ready for the **Natural Hazards 2020** virtual field trip!

The **Natural Hazards** field trip experience is made up of a number of components which take place in **Term 4 2020**.

All components in the table below are updated daily during the **Natural Hazards** field trip. They remain on this website and can be used after the date of the live field trip.

Ambassadors [3]	Classes can send an ambassador (small toy) on the field trip with the LEARNZ Field Trip teacher. Daily ambassador updates can be read by all enrolled classes.
Web Conferences [4]	Students put questions live to experts who are on location during the field trip. Web conferences can also be listened to live via Zoom or from a recording.
Diaries [5]	Shelley the LEARNZ Field Trip Teacher writes a diary for students to read, accompanied by images and panoramas for each day of the field trip.
Experts and Careers [6]	Students meet each expert involved in this field trip via a short video recorded during the field trip. Potential career and training paths can also be explored through these videos.
Videos [7]	Short, curriculum-rich videos with questions and answers are made on each day of the field trip and uploaded in the evening for viewing the following day, or anytime thereafter.
