

LEARNZ Virtual Field Trip

An Example of a Planning Sequence

This example of a short-term lesson sequence for primary schools makes use of all field trip components for a 3-day virtual field trip.

However, the flexibility of LEARNZ means that teachers can use as many or as few of the components as they wish. Teachers who are involved for the first time may wish to choose just one or two.

Teachers, visit the [Support Section](#) of the LEARNZ website for more information on:

- [Getting started with LEARNZ](#)
- [The ambassador programme](#)
- [Taking part in web conferences](#)

This plan includes the following components of a **LEARNZ Virtual Field Trip**.

- planning using the online curriculum links
- using online and printable background information
- using online interactive self-marking plus other activities
- using daily field trip diaries with photos and inquiry questions
- using daily field trip video clips and inquiry questions
- using Twitter for live updates and information/thought sharing
- putting questions to experts during live web conference
- listening to a web conference while completing related tasks
- taking part in the LEARNZ Meeting Room during a web conference
- completing web conference summaries
- sending a class ambassador, viewing the ambassador's daily web page updates
- corresponding by email with the LEARNZ teacher and the class ambassador
- completing a field trip evaluation

An Example of a Planning Sequence

Timeline	6 weeks before field trip	4 weeks prior	2 weeks prior	Thursday	Friday	The week prior Monday	Tuesday	Wednesday	Thursday	Friday
Suggested teacher and classroom activities	Decide to take a virtual field trip. Register with LEARNZ Log onto MyLEARNZ and enrol class(es) in selected field trip(s)	Plan the field trip to fit with class, term and year plan. Select AOs. Send class login home with students so parents can follow field trip.	Plan field trip (3-4 weeks) into your daily timetable Select background pages and activities for class/group sessions. Plan to ask questions in web conferences. Plan to listen to others	Set scene with class – “Let’s go on a field trip to ... What might we see, what could we find out?” Introduce field trip location and themes, guests, website material. Create field trip display in classroom.	Develop questions about the web conference topics	Read about the LEARNZ field trip teacher’s ambassador. Select class ambassador to send on trip. Write up summary of ambassador’s life plus hopes and dreams for field trip.	Develop and find answers for questions about web conference topic Add ambassador photo to field trip display in your classroom.	Summarise the unanswered questions on the web conference topics into 10 “fat” questions for each	Class prepares short assembly item to share with team, school or principal about their adventures next week. Teacher checks web conference equipment, and connections. Organise a practice run with the LEARNZ office to check sound quality	Present short assembly item. Call another school or a parent and have class practise asking questions
Teacher contact with LEARNZ team	.Join the LEARNZ group on edSpace , which is an online support area for all New Zealand educators who are interested in LEARNZ.
