

**Curriculum Areas:**  
Science **Level 3 & 4**

**Strands:**  
Living World

**Background Page:**  
Braided Rivers

**Achievement Aims:**

Ecology - Level 3-4: Explain how living things are suited to their particular habitat and how they respond to environmental changes, both natural and human-induced.

Earth Systems - Level 3-4: Appreciate that water, air, rocks and soil, and life forms make up our planet and recognise that these are also Earth's resources.

Write five sentences about the braided river and wildlife that you can see to help explain:

- a) how this braided river formed
- b) what is happening in the picture.
